John Norris 4-Mile.....uh.....4.5 mile.....uh.....

By Brian Reinhardt

In what turned out to be a variety of distances run on Saturday, May 21st in Jackson Morrow Park, Waverly Neer ran away with the women's race clocking a 29:01 for a distance yet to be determined.

While the distances ran may be in question, the fact that it was an absolutely perfect day to run was not. Temperatures in the upper 60's greeted the runners and walkers with abundant sunshine and a nice breeze. If not for half of the pack getting lost on the course it'd have been the perfect day!

The first club finisher was Jeff Kuczera with a 24:46 followed by the first masters finisher, Gary Jewell, in 25:07. The masters winner for the women was Angela Minnefield with a time of 31:29. I suspect that each of these winners

clocked closer to 4.5 miles as all of the front runners did except for the overall winner, B.J. Needler from Wabash.

In the walkers competition Rick Spencer walked away from the competition with a 5k clocking of 30:39 followed closely by Keith

McAndrews with a 31:09. In the women's race Mary Miller walked a 32:50 with Amanda Pena in second place with a 35:37. All indications are that the walkers actually walked the correct distance!

As is the case at every John Norris event the runners and walkers were treated well and ran and walked away happy regardless of the distance ran. And John must have needed a break after this one as he and his family embarked on a

week long cruise. I've yet to determine whether it was planned ahead of time!

And for the record, the club officers got together after the race and determined that because of the discrepancies in distances ran that in age groups where determining points was unclear that each club runner would receive 20 points for the race.

Thanks John for putting on another great race!

Waverly Neer "neers" completion of the race.

Angela Minnefield was the masters winner.

I don't know how many of you haven't had the opportunity to share in the Mini experience, but if you never have you sure are missing out on an opportunity to have the time of your life!

Once again this year Club Kokomo sent a large contingent to conquer the streets of Indianapolis as well as the Indianapolis Motor Speedway. In all 85 runners/walkers completed the half marathon and another 10 completed the 5k! There were many more club

members there in support of the runners and walkers and every single one of them was appreciated and had just as much fun as those that competed!

Leading the way for the men this year was Seth Daugherty with a 1:21:33 and a 124th place overall finish out of 25, 029

Most of the Bauson clan ran the Mini. From left to right are Jesse, Sarah, Cassie, Bill, Grace, and Laura.

Brian is giving me the emails saying, "Where is your contribution to the newsletter? You're killing me." Brian, I don't know how to make it up to you. I have lots to say and little time or space to say it.

Coyote Kids has over 100 pre-registered kids already. We have given every child in Kokomo Schools a brochure for the program. We have 3000 brochures made to give to churches, doctor offices,

etc. If you know of some children who would like to run, stop out on Wednesday evening to pick up some brochures. Or you can just stop by my house where I have a box on the sun porch with brochures.

What a fantastic group of people showed up at Jackson Morrow Park last Sunday to clear a trail through the wooded section. Eric Matthews and his two young men, Shane Elmore, Jeff Kuczera, Josh Berndt, Brian and Patti Reinhardt, Will Irvin, and my wonderful wife, Robin... I hope I didn't miss anyone... This group had the trail cleared out and marked with fallen trees along the edges, poison ivy and roots removed, in less than one hour. I think we worked for 25 minutes and pattered around for the next 30 minutes. If you see them hanging around or running, be sure and give them the thumbs up for a great job, well done.

We can still use help for the program. I am EXTREMELY concerned for the first night when kids register. If you don't want to participate each week, but you are willing to help the first two weeks only or even just the first week I would really appreciate your phone call letting me know that you will be there.

Mark Shorter has copies of

those who wanted to be in the CKRR club directory. If you want to receive one, give him a call and he will be happy to give you one. Mark did all the work to compile this list and those of us who use this directory are glad he did. Thanks Mark.

The below email was sent to our club from Becky Lambros. CKRR is filled with people who want to help and make our world a better place to live in. Please consider this option for helping in this cause.

Keeping Pace - Help a Runner...
Save a Life!

Runners are known for their caring attitudes. Most can be found on the weekends running or volunteering for many causes and concerns in their communities. We have been given the opportunity to help a fellow runner, Linda Shumacher, President of the West Florida Y Runners Club.

On February 23, 2005 Linda's daughter Raquel was diagnosed with a life threatening disease, Acute Myelogenous Leukemia

(AML). Although Raquel has undergone many days of chemotherapy, to be cured she is in desperate need of a bone marrow transplant.

You Can Help!

The easiest way to help is to contact your local Red Cross or blood donation center and ask when they are having their next bone marrow drive. There are usually a few scheduled each month. It is a simple matter of taking a blood test and answering some questions. A person of any race, ethnicity or gender who is 18 to 60 (up until 61st birthday) years old and who meets donation health guidelines can become a volunteer potential marrow or blood stem cell donor. To join, you complete a short health questionnaire and sign a form stating that you understand what it means to be listed on the Registry. Then, a small blood sample is taken to find your tissue type. This information is added to the Registry. If you are chosen, your donor center will contact you. To learn more about the National Marrow Donor Program visit their website at <http://www.marrow.org/> Thank you for your help and good running!

finishers. The top masters finisher was club chaplain Dana Neer with a 1:23:36 and a 167th place overall finish. Carla Yerkes was both the top overall woman as well as the top masters runner with a 1:32:47 and a 666th place finish (something you want to tell us about your placing Carla? LOL).

But the real fun is in Military Park at the Club Kokomo tent. Seems like anybody and everybody stops by for some camaraderie and has a great time just hanging out after the race and enjoying a cold water,

soda, or beer, the first two of which are provided by the club. There are always plenty of stories to tell and races to be re-lived that run the gammit from huge success to miserable failure, but in the end it seems to be smiles that rule the day.

And as is the case most years many of find reason to get together after that for a bite to eat and this year we chose Claddagh Irish Pub in Carmel, surprisingly enough with Johnny 'O leading the charge! Go figure! The post

race festive attitude continued there with good food and spirits to go along with many more smiles.

If the Indy Mini with Club Kokomo hasn't been a habit of yours in the past you really should consider making it a part of your plans for next year!

Carla runs to an impressive finish at this year's Mini.

Adopt-A-Highway

By Charlie Skoog

Our first scheduled cleanup was on Thursday, April 7, at 1:00 PM. Many of you were on Spring Break, soaking up rays down South or chillin elsewhere, and of course many were working. When I arrived at the Macedonia Church on Highway 19 it was a cool

wind out of the North and then the rains came. I was greeted by my favorite "trash-buster", Debra Bowman, and Kelly Wright had brought a van load which included one of her Pettit Park students, Levi Fouch, and 3/8 of the Tetrault clan, Megan, Matt, and Mindy. Despite the harsh conditions our game crew decided to "hit the highway", breaking up into two teams with Deb, Levi and myself taking the West side and Kelly and the Tetrault's on the East. We headed South, expecting reinforcements to arrive about 2:30 to 3 PM.

Levi proved to be an awesome worker and we worked fast to stay warm. When we had covered about 1.5 miles we began to wonder where the rest of our help was and how we were going to get back to our

starting point. After another mile with SR 26 in sight, the calvary arrived in the form of Mike Bach who also had his trailer to pick up our many bags of trash. While we were finishing up the South end, Robin Cole, Tim Buckalew, Greg Townsend, and Harvey Zinschlag arrived and were heading North from the church to SR 22.

CK Adopt-A-Highway founder, Steve Wand, had already covered the section from SR 26 to 500 S, so by the time Mike had gathered us cold and wet workers, loaded all the trash bags, and transported us back to the church, the rest of our crew was finishing up the North section.

The work was fun and rewarding, but in all seriousness, we could really use some additional helpers, so.....please consider joining our team on the next cleanup. The decision was made to reward the team by scheduling a pizza party April 23 at the Tetrault home, featuring the famous "Ray's Pizza" as well as a delicious dessert pizza made by Kelly who can obviously do more than just run fast! Thanks to all present, past, and future volunteers.

The next scheduled workday will be Saturday, July 23, at 8 AM. Following the cleanup we will adjourn to Panera Bread for brunch with Club Kokomo and the UAW Local 292 Conservation Committee picking up the tab.

Hope you can join us for fun and fellowship. For further details call 457-2607 or runckrr@aol.com.

Meet Tony Kirgis

Name: Tony Kirgis

Age: 40

Family: Wife - Nancy (schoolteacher at Maconaquah), Daughter - Sarah (14, going into high school at Northwestern)

Hometown: I grew up in Iowa but currently live in Kokomo

Occupation: Director of Information Technology - First National Bank & Trust

Years Running: 9 months (Sept. 2004)

Reason for starting to run: Watched my brother compete in duathlon and could hardly stand watching him compete while I was on the sidelines cheering him on. Felt an overwhelming desire to have my running shoes from high school (20+ years ago, maybe a new pair instead) and joining in on the fun!

Running/walking Goals: I use to run sub-5 minute miles in high school. I don't think I can get there again, but believe I can get much closer than I am now. My best 5k is 23:48 (Old Ben 5k, 7:39/mile pace). I would like to see the pace continue to drop (I like the idea of running in front). I am also training to compete in a couple of duathlons this year.

Favorite Run or Race: None, I like them all! Although I would have to say the hardest run has been the Shoe Sucker 7 over in Huntington.

Hobbies and Other Interests: I enjoy golfing, and biking. I attend First Baptist Church in Kokomo (corner of Taylor and Washington).

Reason for joining Club Kokomo: Brian Reinhardt is an old friend from my days at Grissom when they had real jets there (A-10 Warthog). I remember knowing of Brian's enjoyment of running all those years ago, and when I ran into him at a couple of the recent 5k events in Kokomo he was a real encouragement to come join the club. So I came out a couple of Wednesdays to test the waters. After running a few times with the club, Brian said I couldn't run for free and I should join the club. I am sure he was joking about the running for free part, but he was an encouragement as well as many others in the club. I like the idea of community and being with like minded individuals, we somehow become stronger when we know others are there to help and encourage.

CLUB SCHOLARSHIPS
Club Kokomo Roadrunners Mike Cowan Memorial Scholarship Committee members Lorene Sandifur and John Wiles are proud to announce that Laura Bauson, Josh Daugherty, Amber Longwith, Stephanie Miller, and Megan Tetrault are the scholarship recipients for 2005.

Thanks to CK members who purchased 50-50 tickets at club events and participated in CK's Age-Graded Race, each recipient will be presented a \$300 check at Club Kokomo's Coyote Kids awards program at Jackson Morrow Park on July 21.

Two of the scholarship winners will be college seniors and the other three will be college freshmen this fall. Information about the recipients and some of their comments on their applications follows.

Laura Bauson is the daughter of Bill and Cassie Bauson, 3243 N. County Road 500 East, Kokomo. She is a Northwestern High School graduate with a 12.5 grade point average on a 12-point scale. Laura plans to attend Michigan State University and major in animal science with an emphasis on pre-veterinary medicine.

"Running has been a part of my life from the time I ran my first Club Kokomo race at the age of seven with my mother," Laura wrote.

Since then, Laura has participated in many Club Kokomo races. She has been a member of Northwestern's varsity cross-country team for four years and varsity track for three years, and completed three Indianapolis Mini Marathons.

"Running has not only kept me in shape physically, but it has also contributed to the shaping of my character. Through running, I have grown closer to my friends, family, and to my God."

Laura is not going to join Michigan State's cross-country team, but she does plan to continue to run on her own time.

"Though I may never be the strongest competitor or the greatest athlete, I will continue to run because of what running means to me."

Josh Daugherty is the son of Mike and Marsha Daugherty, Winamac. Josh is a senior at the University of Indianapolis with a major in English teaching and a minor in writing. His GPA is 3.885 on a 4.0 scale. He has been on the Dean's List each semester and a member of U of I's cross-country and track teams for three years.

Josh has been running and racing since he was nine years old. The sport has played a "beneficial role in the development" of his personality.

"Some may say runners are all the same, but that is as ridiculous as saying everyone in the entire world is the same. It is amazing how many different characters one meets on the roads and in the woods. One meets friends, opponents, and others that effortlessly resist such easy classification. ... I have had the privilege of interacting with a plethora of interesting people that have inspired and taught me various things, whether the knowledge would typically be considered helpful or not. I increasingly appreciate the diverse characters that have crossed my path and the various attitudes they have inspired. ... An open mind receives wisdom from every experience, and running has and will continue to offer useful experiences and reflections, helping to prepare me to one

day to be a significant inspiration to a number of people even greater than those who have inspired me."

Amber Longwith is the daughter of Robert and Cathy Longwith, 707 Riverview Drive, Kokomo. She is a Kokomo High School graduate. Her GPA was 11.292 on a 12-point scale. She plans to attend the University of Indianapolis and major in professional sports media.

Amber has been running for seven years. She was a member of Kokomo High School's cross-country and track teams and Club Kokomo for four years.

"Through running, I have made many new friends and learned a lot about myself. I have learned about competition and the desire to be better. ... Running has given me the determination and desire to succeed. ... It has also been fulfilling to participate in events such as Relay for Life and Club Kokomo's Charity Run."

Stephanie Miller is the daughter of Tim and Mary Miller of Bunker Hill. She is a senior at Indiana Wesleyan University. She has a 3.71 GPA on a 4.0 scale. She also was named to the National Dean's List of America's College Students. Stephanie plans to be a pediatric nurse practitioner. She has been a member of the university's cross-country and track teams for three years.

"As a young girl, I was taught so much about running and life from the members of Club Kokomo Roadrunners. I feel that it is now my turn to give back the knowledge that was given to me."

Stephanie wants to coach runners some day, so she is taking a coaching track-and-field class next year at Indiana Wesleyan.

"This summer I look forward to attend-

Laura

On the Roads (Continued)

ing as many road races as I can, and hopefully, I will be a mentor to the younger runners. I know from experience that it is good to have a role model when you are younger. I hope I can be a role model for at least one young runner through my words and actions towards others and the sport of running."

Megan Tetrault is the daughter of Ray and Robin Tetrault, 1404 W. Defenbaugh St., Kokomo. She is a graduate of Kokomo High School. Her GPA was 10.614 on a 12-point scale.

This year in Kokomo High School's Cadet Teaching program, Megan helped a fifth grade teacher at Columbian Elementary School.

"Seeing the excitement on the children's faces as I enter the classroom provokes a feeling within my heart unlike anything I have ever felt. When I leave Columbian Elementary, I feel as if I am the most blessed and fortunate human being in the whole world."

Megan wants to be a teacher and plans to attend Indiana Wesleyan University and major in elementary education.

Megan was a member of Kokomo High School's cross-country team for two years and the track team for three years.

"I have a passion for running that most people do not fully understand. I may not be the fastest, but I love to run and push my body to the limit and be able to feel the glory of a victory or the upset of a loss. Track and cross-country have taught me that with effort, practice, and time, a positive result is the outcome."

\$6,480 IN SCHOLARSHIPS

There have been 29 Club Kokomo Mike Cowan Memorial Scholarships worth \$6,480 given to 19 youth since the scholarship was established seven years ago.

Encouraging youth to run was one of Lorene Sandifur's goals when she became president of Club Kokomo in 1998. CK sponsored the first Mike Cowan Youth Races that year. Last year, the one-day Cowan races were expanded into CK's six-week Coyote Kids Program.

The late David Kasey secured \$2,000 in donations from local businesses, and CK established the Mike Cowan Memorial Scholarship in 1999. Receiving \$250 each that year were Seth Daugherty, Jill Pennycoff, and Elizabeth Shockey.

Other scholarship recipients over the years include Christan Bahler, Grace Bauson, Sarah Bauson, Ben Bruce, Melia Harrison, Ryan Hur-

lock, William Irvin, Tim McBee, Zach Newman, Bryan Phillips, and Melissa Tetrault.

Today, the scholarship is funded by 50-50 drawings at CK races, and CK's Age-graded Race in August, which is directed by Club Treasurer Mark Shorter and past club president Gary Jewell.

FINAL THOUGHT

Johnny 'O's Irish eyes were smiling when he heard how his niece Erin and his adopted

Sara and Erin display their message prior to Mini's start.

nieces Sara and Jamie created a memory for their last weekend as seniors at Ball State University. They also set the bar for the toughest but most fun way to spend the night before running your first Indianapolis Mini Marathon.

After an Indiana University basketball game at Conseco Fieldhouse in December, Johnny and Annie 'O and friends discovered the Howl at the Moon, a fun-filled, sing-along spot a block from the Fieldhouse.

Little did Johnny and Annie 'O realize that their description of their rollicking good time at the Howl would play a role in the Ball State seniors' final weekend plans.

The future leaders of America went to the Howl the night before the Mini and "howled" songs, including the Ball State fight song, and danced until 3 a.m. They then parked their car on Capi-

tol Avenue near the RCA Dome, and fell asleep. Well, Jamie didn't sleep. She stayed awake on guard duty.

Runners began moving past their car at 6 a.m., so Jamie woke Erin and Sara, saying, "There's all kinds of people out there stretching and jogging."

Erin and Sara "rolled out" of the car and went into a restroom in the Indiana Convention Center. They used their fingers to brush their teeth, changed into their running gear, and headed to their starting corral. When Erin and Sara started running the Mini, they did not stop until they reached the Indianapolis Motor Speedway. Like most first-time Brickyard visitors, they had their picture taken on the track. Erin and Sara soldiered on and crossed the Mini's finish line in 2 hours and 15 minutes.

While her friends ran, Jamie, who will be a nurse, was in anguish watching runners finish the race. "Some of them looked so bad that I wanted to run out and help them," she said.

When Aunt Annie 'O arrived, the "Party" girls were stretched out on the ground. When they saw Annie 'O, they jumped to their feet and said, "Uncle John would be proud."

Having run 19 Mini's, starting with the second one in 1978 that had no water, Uncle Johnny 'O is indeed proud and amazed at their accomplishment, and he wonders if such a night-before carbo-loading party would help him finish next year's 30th Indy Mini.

Relay for Life Just Around the Corner

By Cindy Sanders

Relay for Life is fast approaching. The relay begins on June 17th at 6:00 P.M. with the Survivor Walk continuing through June 18th and ending at 6:00 P.M. This will mark the 10th anniversary for the Relay for Life in Kokomo. This is a very special and significant event for our community as individuals and groups come together in the quest to raise cancer awareness and funds for research. During the Luminaria Ceremony at dusk names of those fighting cancer, lost loved ones, and survivors are recognized. This ceremony serves to unite us and to strengthen our resolve and determination in believing in a future where cancer is just a word that does not evoke fear, uncertainty, anger, helplessness or loss.

This local event benefits our community

as we raise money to fight this horrible disease. Through research, raising awareness, educating people about early detection, and treatment options we are making a difference.

Again Club Kokomo Roadrunners has a team. You may earn 10 club points by registering, signing up to walk or run for one hour and by paying the \$10.00 fee. Deadline for registration is June 10th. Call if you need to register, sign up, or pay the fee. Before entering the track come to the CKRR tent to sign in.

Jack and I are always excited about the relay and many share our enthusiasm and optimism. We look forward to seeing you at the relay. Remember that we won't reach the finish line until we find a cure.

Secrets to Becoming a Better Runner and a More Complete Person

By **Charlie Skoog**

Secret #1 - Last night, May 25, I showed up at Old Ben for CK's weekly training and fellowship session. I was joined by about thirty of you ranging in age from, less than one Zoe and "little" Cory being pushed by mom's, Allison and Tammy; to sixty-something's Stan and Dick. There were beginners, veterans, want-to-be's, used-to-be's, could-be's, and everything in between. During the run, walk, and dinner that followed there was some talk of past triumphs and failures but most of the dialogue centered on future plans, aspirations, and how to get there, be it on the road, trail, or in life. There was an amazing amount of energy, sharing, and love that is free to all and if you're only willing to give a little you can gain a lot. I know that I have and I invite you to join us and see what all the excitements about.

Secret #2 - Small Group is where it's at! As the result of seeds that were planted during previous

CK training sessions I have joined a growing number of small groups. I have been motivated, jump started, and excited. One small group is going to the Sunburst Races in South Bend on June 4. I always said I would never run a summer marathon in Indiana but now I'm sure I can do it and I'm pretty sure I can and will qualify for Boston. Thanks Teresa, Nicole, and the rest of the Sunburst crew for planting and watering that seed! We have a growing small group that is actually turning into a large group and that is Captain Coyote's CK trip to the Bar Harbor, Maine Marathon. If you need a goal or just a great mini-vacation, this is the trip for you! My small group number three meets in my driveway every morning, M-F, about 5:15 AM. This has been going on now for a month and it has transformed by life physically and spiritually. I received a call from Pastor Brad Swain, who was interested in getting back into running and was looking for a training part-

ner. Since Brad can only run early in the morning and I needed to do the same to prepare for the 5:45 AM Sunburst start, and I knew that CK running legend Kenny Bennett runs EVERY morning in my neighborhood, I had Brad call Kenny and my days of sleeping in are history! This has been a challenge for me because these two guys are "only" 45 and they each have some serious talent, but the rewards for all of us has been tremendous. My hope for all is that through CK you can find similar partners, groups, and relationships, to take yourself to another level of growth and achievement.

Secret #3 - "It's not about you." Hey...wait a minute...That book's already been written and if you haven't read it, I will give you a hint. It only takes the magic number of 40 days and will change your life! Read, run, love and live!

Sam Williamson, Sr., Sam Williamson, Jr., Stan Shuey, and Mark Shorter compete at the John Norris 4-miler in Jackson Morrow Park.

Mount Desert Island Marathon

By Ray Tetrault

There is a crisp air with brilliant leaves surrounding you. The colored leaves of Acadia National Forest are the among the sharpest, brightest, colors on the face of the earth. You can hear the sound of the ocean in the distance. The laughter of your friends and running partners scatter and echo across the mountain valleys. The fall season is the best time of year to be at Bar Harbor. The best weekend to be there is the weekend of the marathon. This is the last call for you to be a part of this wonderful weekend in a Maine Paradise.

The trip to Bar Harbor, Maine for the Mount Desert Island Marathon is coming together. There is still a chance for you to enter to run or else just come up for the weekend with other CKRR members. The website for this marathon if you want to get more information is www.MDI marathon.org

I have been informed by the race director that we need to register for the marathon as there is a limit on the number of runners allowed on the course. I highly recommend the pasta dinner as the island doesn't have a high number of Italian restaurants in the area. Most of the restaurants in the area serves pasta of some sort, but often times it is with fish. I called three hotels and all of them said the average pasta meal is around \$12 and up, which

makes the pasta dinner more attractive.

Our travel choices are to fly to Bangor and drive the 90 minutes to Bar Harbor. I have checked on the price of tickets and most of the airlines are in the \$245-275 price range for a round trip ticket. I have currently planned to fly out of Indianapolis on Friday late afternoon. There are no flights back to Indianapolis on Sunday so our tentative plans are to fly out on Monday afternoon, the day after the marathon.

There is a possibility of driving out in the bus. This would require leaving on Thursday evening. We would return late in the afternoon on Tuesday. If you are interested in driving out in the bus send me an email or call me. The maximum we can put on the bus is 15 people.

I have checked on several hotels for our stay. Most of the prices are in the \$85 to 140 price range for a room with 2 double beds. I have not made any concrete reservations yet, but I will need to have your preferred room arrangements in order to get these rooms locked down.

I have included a list of people who have expressed some interest in going. If you are on the list and you are unable to be a part of this trip, I would appreciate it if you would call me and let me know. If you want to participate and your name is not on the list, call me immediately. If you are running the marathon you

must register as soon as possible! My home phone number is 854-1393. My work number is 454-5497. I look forward to seeing you in ACADIA National Park in Maine!

Please Read

I know that running/walking in the Western races is a potentially hazardous activity. I should not enter and run/walk unless I am medically able and properly trained. I agree to abide by any decision of a race official relative to my ability to safely complete the race. I assume all risks associated with running or walking in this event, including, but not limited to, falls, contact with other participants, the effects of the weather, including high heat and/or humidity, traffic and the conditions of the road, all such risks being known and appreciated by me. Having read this waiver and knowing these facts in consideration of you accepting my entry, I for myself and anyone entitled to act on my behalf, waive and release Club Kokomo Roadrunners, Western School Corp., and all other sponsors, their representatives and successors from all claims or liabilities of any kind arising out of my participation in this event even though that liability may arise out of negligence or carelessness on the part of the person named in this waiver. I understand that bicycles, skateboards, baby joggers, roller skates or blades, animals and radio headsets are not allowed in the race and I will abide by this guideline. I grant permission to all of the foregoing to use photographs, motion pictures, recordings, or any other record of this event for any legitimate purpose.
