## Haynes-Apperson Race

by Charlie Skoog

What a weekend it was for the Club Kokomo Family! Special thanks to Paul and Dana who chair the Haynes-Apperson and Sports Festival Committees! Thanks also to Rebekah and Jordan who headed up the Haynes and kids' track meet races which would not happen without your participation and volunteer support! Don't forget to thank and support our sponsors: **Sunspot** supplied healthy finish line refreshments along with **Paul Young's Culligan** bottled water and

Kyle Rayl at **Soupley's** takes care of our ice needs every year...where would we be without cold drinks! Special shout-out to our water station volunteers, **Mike Ward's Indiana American Water Company** crew and the **Kinsey Kids at Station #1** who kept us well hydrated and **Howard County Emergency Management** who kept us safe during the race! Finally, thank you to **Center Schools and Dale**, the guy behind the scenes who takes immaculate care of Memorial Gym, Kautz Field and CK's every need in putting on these great family events! We have so much to be thankful for

as we prepare to celebrate our country's birth and freedom, one nation under God!

# Two Marathons in ONE Week

By Robin Tetrault

Ray and I were excited to fly west to Oregon to visit family and take in our first marathon in Newport, Or. The flight out was L-O-N-G, to put it mildly. Our first leg of the journey flew us from Indy to Washington DC. Really? Yes, and then we were delayed for 4 hours for a “replacement plane.” Which I was much happier to wait for than a “broken one.” When we finally arrived in Portland, Oregon, and drove with my sister and her husband over two hours to Eugene, we had been up 24 hours. Oregon is 3 hours behind us. We were exhausted! Great start to a marathon trip. The good news is we flew out on a Wednesday and the marathon wasn't until Saturday. We were

greeted by very cool weather and rain for most of the week.

We traveled to Newport on Friday to make it a family mini-vacation. My youngest sister's children were not out of school yet, but they got to take Friday off from school and enjoy the coast with us. Of course...it was raining, but it didn't dampen our spirits! We visited a beautiful coast lighthouse and had seafood at Mo's. If you like clam chowder (which Ray and I do NOT), they have the “BEST in the west.” My sister's kids LOVE it! Ray and I settled for cod. It is not your normal pre-marathon meal but it sure tasted good.

The 7:00 am start was cool and a gentle mist. I guess that is the norm for the Oregon coast. It was an enjoyable out and back

run along the bay. The terrain offered some rolling hills but the worst was the last uphill mile. That wasn't very nice. We walked most of that mile. It was wonderful, however, to be cheered in by my sisters, their husbands, 2 nieces, and 1 nephew. Ray and I finished together with a time of 5 hrs 40 minutes. We weren't in a hurry to finish and we wanted to save energy for marathon #2 on the following Sunday.

Our legs were dead, and I wanted to soothe mine with the frigid Pacific Ocean. Everyone thought I was crazy, but they humored me and took me to a beach down the road. It felt great! It was freezing, but it felt great!

We got our showers at a local high school and headed back to Eugene to enjoy the week with my mom, sisters, and their families.

One of the things we did in Eugene, "the running capital of the world," was visit the park where Steve Prefontaine ran. We located the trails which were wood chip trails, and found our way over to Haworth field to get pictures of the famous track! It was quite an experience as they were preparing for the Olympic trials and the gates were open. What a premier facility!

Friday we flew out of Portland and into Spokane to prepare for our second marathon. What a beautiful drive from Spokane to Winthrop, Washington. It was about a three and a half hour drive into the wild west!

The town of Winthrop is a charming town with a western town image. All of the buildings have an old west flavor. They even had wood plank sidewalks.

We drove around the mountains to get familiar with the area on Saturday. We enjoyed the shops and a drive into the mountains that still had snow caps.

The packet

pick up and pasta dinner were Saturday night. We went to bed and were up for an early bus ride at 6:15 am to the journey up the mountain.

The temperatures had been wet and cool ever since Eugene. I needed jeans and a sweatshirt almost every day. You were enjoying 80 degrees and sunshine here in Indiana, but one of the only nice days we had was that marathon Sunday. They were calling for sunny skies and 70 degrees!

The mountains and the streams were breathtaking! You couldn't help but praise God for the beauty and majesty all around us! It was truly a downhill marathon. We started out very excited by that. The last quarter of the marathon, however, held some hills and discouragement for us. I was not able to keep up with Ray and I wanted to enjoy the scenery and take pictures on my phone. I probably walked more than him! The hard part was the last three miles ran just outside of town as an "out and back". Poor Ray didn't see the arrow and headed into town. When he saw the finish line he checked his Garmin and knew he must've missed a turn. He will tell you he was VERY tempted to just go through the finish line. He thought better of it, though, and trudged back up the hill to complete the almost 3 mile out and back. The temperatures had risen into the 70's and there was little shade on the highway. Needless to say, he was discouraged and walked most of the last of it. Ray finished in 5:46 and I finished in 5:52. There were only 89 finishers in this small, but awesome marathon. It was THE MOST BEAUTIFUL course I have run

yet with snow-capped mountains and rushing streams surrounding us.

We highly recommend BOTH marathons for any 50 staters that need those two states or anyone up for a trip out west! Both were well organized with water stops and port-o-pots at regular intervals. The Winthrop marathon is a very small marathon in a very small town. The website was very late getting registrations forms posted, and the chips for our shoes never arrived, but it was SO WORTH it! We would both go out there again!

Now Ray has 24 states and I have 23! This year we hope to be half way done! Maybe you can join us on one of our trips! ☺

## June Meeting Minutes

# Coyote Kids

Coyote Kids has begun again with perfect weather for our first night. We had almost 600 kids run the first night! The registration team did a great job passing out the new bracelets, streamlining the registration process with so little paperwork now involved! We had a lot of new families as well as many families returning for another year of their favorite running program. Anyone (0-18) can join on any Thursday night before the races. You only have to run 4 of the 6 weeks to receive a small trophy. We have had one night rained out already, so we will definitely use our rain week we built in at the end of the season. The dates are always on a Thursday night at 6:15 for toddlers and 6:30 for the older kids. We will run June 28, July 5, 12, 19, and July 26. Awards will be on FRIDAY night, August 3, at The Connection behind Morningstar Church. There is no cost to the program thanks to our awesome sponsors. Announcements and cancellations for Coyote Kids can be found on the Club Kokomo Roadrunners Facebook page and the website - coyotekids.org. If we need to cancel, we will attempt to make that decision by 4:30 and put it on Z92 and WWKI. If you want to

*Captain and Mrs. Coyote*

volunteer, you can come out early (4:30 pm) to set up, or help at the finish line, or direct the kids on the course, or run with the kids on the course, or help clean up. We would love to have your help spreading the good news of running and encouraging kids to run for fun! See you at Jackson Morrow Park!

## Inspirational Thought of the Month

by Club Chaplain Steve Wand

This past month I was able to re-connect with two old friends from my past by the way of Facebook. First I was contacted by my lab partner from ITT Tech circa 1968-1970. We remained friends until time, distance and kids got in the way. We are going to meet for dinner soon. My second reunion was with my first childhood friend. We met when we were five years old one day when I wandered off in my neighborhood. It was a safe neighborhood and times were much simpler then and no one went into panic mode if your kid wandered off for a little while. I hadn't heard from Bobby for seven or eight years and

thought I'd never hear from him again, but we found each other on Facebook. All of this is exciting to me but not as exciting as the reunion that I expect at the end of my days on earth. I don't know exactly what to expect, but just as Jesus said to his disciples, I believe he is saying this to all who believe in Him.

*John 14 (NIV)*

*<sup>2</sup> My Father's house has many rooms; if that were not so, would I have told you that I am going there to prepare a place for you? <sup>3</sup> And if I go and prepare a place for you, I will come back and take you to be with me that you also may be where I am. <sup>4</sup> You know the way to the place where I am going."*
